:: STDM Trainings / Awareness Events

TUESDAY
19 MAY 2015

14:00 – 15:30

Hall 7.1 / 7.2, NPC

Everybody is welcome!

Session #2 - Mapping response - contributions for Nepal

The FIG Young Surveyors Network wants to contribute and actively do something for our dear friends and colleagues in Nepal. There was originally another session scheduled but this has been **changed** to

'Mapping response - contributions for Nepal'

We invite all of you to join us and use the already established Open Street Map (OSM) initiative to map for Nepal. OpenStreet-Map (OSM) volunteers from around the world rapidly digitize satellite imagery to provide maps and data to support humanitarian organizations deployed to the affected countries.

There will be a short introduction on how to use OSM and then we will work together on a specific task defined by the OSM Tasking Manager.

Important Note: Please bring your **own** Laptop!!!

FIG-YSN Volunteer Community Surveyor Program

Joint competence based volunteer program with Global Land Tool Network (facilitated by UN-Habitat)(GLTN) and the International Federation of Surveyors Young Surveyors Network (FIG-YSN)
